Prescription Drug Disposal

EVERY SINGLE DAY:

- Over 1,000 people are treated in emergency rooms for misusing prescription opioids. (CDC)
- More than 46 people die from overdoses involving opioids. (CDC)

2/3 of teens who misused prescription pain relievers report they got them from family and friends, including their home's medicine cabinets. (SAMHSA, 2014)

police
departments
pharmacies
college
campuses

Many locations have drop boxes where unused & unwanted prescriptions can be disposed (excluding liquids, inhalants and needles).

MISUSE

of a prescription drug means to use it in a way other than how it was prescribed.

includes chronic or repeated misuse and/or taking the medication to experience a high.

ABUSE

CAN'T GET TO A DROP BOX? FOLLOW THESE STEPS:

Mix drugs with a substance such as dirt, cat litter or coffee grounds.

Place the mixture into a disposal container with a lid or a sealable plastic bag.

Throw away the sealed mixture in your household trash.

Scratch out all personal information from the prescription container's label before recycling or disposing of it.
