It is our policy that no 2 people (adult/youth or staff/participant) should ever be alone together in a space that's not open and observable—there should always be at least 3 people present. # OUR EXPECTATIONS

As GTI staff, your child is expected to be a professional and responsible youth leader at all times—setting a positive example through their words, actions and attitude. By joining our team, they’ve already agreed to follow the policies outlined in our Staff Handbook, which are designed to ensure a safe, respectful and supportive environment for everyone. This includes strictly avoiding alcohol, tobacco and other drugs (ATOD), refraining from bullying or inappropriate relationships and consistently following our dress code and behavioral expectations. Participants look up to them as role models—their leadership matters!

# WE'VE GOT THEIR BACKS!

We prioritize the well-being of our staff and make sure they feel supported throughout their time with us. Regular check-ins help us stay connected and responsive to their needs. They're never on their own; our Staff Development Committee and broader team provide a strong network of guidance, encouragement and practical help whenever needed.
