## Prescription Drug Disposal

### KEEP FAMILIES & COMMUNITIES **SAFE.**

Proper disposal of prescription drugs limits access to medications that could be misused. When everyone disposes of medications responsibly, it **reduces risk for addiction, overdose and other negative outcomes.**

**Police  
Departments  
Pharmacies  
College  
Campuses**

Many locations have drop boxes where unused & unwanted prescriptions can be disposed (excluding liquids, inhalants and needles).

**Scan for More Information.**

### **MISUSE**

of a prescription drug means to use it in a way other than how it was prescribed.

### **ABUSE**

includes chronic or repeated misuse and/or taking the medication to experience a high.

### Can't get to a drop box? Follow these steps:

**MIX** drugs with a substance such as dirt, cat litter or coffee grounds.

**PLACE** the mixture into a disposable container with a lid or a sealable plastic bag.

**THROW** away the sealed mixture in your household trash.

**SCRATCH OUT** all personal information from the prescription container's label before recycling or disposing of it.
